

Season 2026  
Charter opportunities

# Introduction

Dear Reader,

We are pleased to present the opportunity to charter Team JAJO for selected offshore racing events during the 2026 season. Team JAJO operates a proven Volvo Ocean 65, offering sailors and corporate teams access to ocean racing without the complexity of owning and managing a race yacht.

Following the yacht's participation in The Ocean Race 2023, the boat underwent an upgrade program in 2025. Team JAJO is now fully prepared and professionally managed for competitive race charters and high-end sailing events in 2026.

This document outlines the yacht, her pedigree, and the racing calendar available for charter. We look forward to discussing how Team JAJO can support your offshore racing ambitions.

Kind regards,  
Team JAJO - Jelmer van Beek

## The V65

The Volvo Ocean 65 is a 65-foot, one-design offshore racing yacht originally built in 2013 for the Volvo Ocean Race. Designed for durability, safety, and close competition, the V65 class has accumulated hundreds of thousands of nautical miles across the world's most demanding oceans. Many yachts in the class have competed in multiple race editions, proving their reliability, longevity, and consistent performance under extreme conditions.

Today, she remains one of the fastest offshore race yachts afloat:

Length: 21 meters / 65 feet

width: 5.6 meter

depth: 4.8 meter

Weight: 12,500 kg

Maximum sail area: 674 sqm

Construction: Full carbon fiber

Top Speed: 35 knots / 60 km/h, 602 nm in 24h.

Capacity: 16 people max, ideally 10 - 14 people.

Home Port: Scheveningen (The Netherlands)

# About Team JAJO

Team JAJO is a professionally run offshore racing program built around a highly competitive Volvo Ocean 65. Formerly campaigned as Team Brunel, the yacht finished 2nd overall in The Ocean Race 2023 and achieved 2nd place IRC Overall in the Fastnet Race 2023,

The boat has been back in the water since July 2025 and is being prepared with multiple upgrades (full list on request):

- Harken Pro Care Winch service
- Engine and Cariboni hydraulic service
- New KZ swivel and furler bearings
- New spinlock lifejackets, serviced safety equipment
- Maritime Starlink installation, new Mastervolt batteries.
- New furling lines, runners, lockstrops, etc
- Helly Hansen Foul Weather gear (November 2025)
- Compliant with World Sailing Cat 1

## Sails:

- FRO, J0 - 2026
- Main, MHO, J1, J2 - 2023
- A4 - 2022
- J3, Stormjib - 2018

## Concluding

Team JAJO offers fully supported race charters on a proven Volvo Ocean 65, delivering elite offshore racing without the costs or commitments of ownership.

Designed for experienced sailors, private teams, and corporate groups, the program provides access to a world-class racing platform that is professionally prepared and managed.

Availability for the 2026 season is limited. Contact us to secure your place on one of the most capable offshore race yachts available.
