MARC LOMBARD IRC 46

PATA NEGRA

INTRODUCTION

Pata Negra is a prototype IRC 46 design by Marc Lombard and built by CSC Composites in 2016. Marc Lombard is renowned for designing some great offshore racing yachts, including IMOCA 60's, Class 40's and Mini Transats. Pata Negra is a great example of this offshore pedigree and has a proven track record of podium results offshore including overall winner of the Round Britain Ireland 2018, 1st in class in the RORC Caribbean 600 2020, 2nd in class in the Rolex Fastnet Race 2017 and 3rd overall in 2021 Fastnet Race.

The owner has consistently invested in the boat since purchasing her in 2020 leaving no expense spared in upgrades and maintenance. The main and genoa sheeting winches have been moved to improve the ergonomics of the boat, the back stay is on a purchase system and can be adjusted by hand and has a wireless load cell. The inner forestay has a hydraulic ram so can also easily be adjusted.

The keel has been off and the floor and keel matrix has been strengthened making the whole boat stiffer. The keel fairing has all been redone and Nautix A4 antifoul has been sprayed on. Notably, The rudder pitch is adjustable effectively reducing windward rudder drag.

The electrics have been fully updated including a chartplotter at the purpose-designed offshore chart table, MFDs on both steering pedestals and on the mast and all electronics integrating with the expedition navigation software running on a Panasonic Toughbook. There is an Efoy fuel cell so you don't need to run the engine to charge and a new Watermaker.

She has an extensive sail wardrobe of mainly Ulman sails - many of which were replaced in 2022 / 2023.

LV YACHTING

RACING YACHT CHARTER

When you charter with us, we want you to enjoy the entire experience, from the moment you contact us to the moment you return home after a fantastic time. We have a wide range of options to choose from, from Grand Prix racing yachts and performance multihulls to racer cruisers, depending on your requirements and sailing experience.

As an independent yacht charter company, we use our knowledge and experience to find the right boat for you, taking into account your needs, experience, and budget. We can also take care of all the logistics so you can just rock up and race!

Our yachts are available for whole-boat charter with a captain, or you can join a crew with a skipper and a first mate for some events. This is a great way to experience the yacht racing scene without any of the responsibility or logistics involved.

At LV Yachting we are committed to providing you with the best possible experience, so please contact us today to discuss your needs. We look forward to helping you plan your next racing yacht charter!

THE TEAM

LUCY

OWNER / CHARTER BROKER

Lucy's energy and enthusiasm have kept people coming back time and time again. She is an accomplished inshore and offshore racing skipper. Lucy has always been passionate about racing, and enjoys developing the skills of the crews she races with.

Lucy started in the sailing industry by owning and running Northern Child, a Swan 51, for racing and cruising charters in the UK and Caribbean. This developed into LV Yachting offering worldwide race charter packages.

ABI & ELLIE

Lucy is supported by a growing team who work together to deliver the best possible charter experience. From the point of booking, Abi and Ellie work with you to provide logistical support, book flights, accommodation and any other assistance you require to deliver a first class experience.
