ZEE DRAAK

YOUR PERFECT DAY ON THE WATER

Step aboard a yacht designed to make every day on the Mediterranean unforgettable. Sleek, stable, and freshly refitted, Zee Draak is a 70ft Vripack motor yacht combining comfort, practicality, and style.

A photograph of a yacht deck at sunset. The sky is a mix of orange, yellow, and purple, reflecting on the calm water. In the background, there are dark, silhouetted mountains. The yacht's deck is visible in the foreground, with a black railing and a vertical post. The overall mood is serene and luxurious.

SPECIFICATIONS ZEE DRAAK

MADE FOR THE BALEARICS

With her shallow draft and semi-displacement hull, Zee Draak can slip into turquoise calas and anchorages that other yachts can't reach.

SPACE TO RELAX & ENTERTAIN

Zee Draak offers a variety of inviting spaces, each designed to suit a different mood. The flybridge provides panoramic views, perfect for taking in the Balearic coastline or simply watching the world go by from above. On the aft cockpit, you'll find shaded seating ideal for relaxed al fresco dining or lingering over conversation with friends and family. Step inside to the light-filled saloon and you'll discover a cool, comfortable retreat.

DESIGNED FOR COMFORT

Originally conceived as a long-range family cruiser, Zee Draak was built with comfort and stability at her core. Her bilge keels and stabilisers ensure a smooth experience both under way and at anchor, while her wide decks and intelligent layout make moving around the yacht effortless.
